Measure the circumference around the palm at the widest point of your hand. If measurement is between sizes, size up.

Glove Care & Maintenance

Conditioning for 1st Time Use

To achieve a perfect fit, Bear Knuckles gloves should conform tightly to your hands when wearing for the 1st time as leather will stretch.

Break-in Steps

Put gloves on
Spritz with water
Wear until dry

Note: If gloves are water/oil resistant, use mink oil or leather conditioner instead of water

Maintenance & Cleaning

All Bear Knuckles gloves are safe to hand or machine wash and dry. After machine washing, gloves will shrink to original size and may be stiff. Follow Break-in Steps above to recondition.
