

Coir Drain Debris Filter

CDF2721 For Sediment,27" W x 21' L x 1.5" H,For Storm Drains

Keep virtually any sized drain clean with an eco-friendly, economical coconut fiber mat roll.

- Removes most large floatables, sediment and debris from runoff to keep drains clean; helps meet stormwater regulations when used as a Best Management Practice
- Modular design lets you use only what you need; cut sections to size, put multiple pieces together, or replace individual sections without wasting material
- Roll adapts to virtually any drain shape or size from trench to irregular openings by placing sections side-by-side or end-to-end (Tip: overlap edges by at least 3" for best performance)
- Installation is easy - just secure mat to the top of the grate with included hold-down pads and cable ties
- Made from natural, renewable coconut fibers to help you meet environmental goals
- UV-resistant and withstands weather and light vehicle traffic; (Tip: Install above the drain in non-traffic areas, below if drive over is likely)
- Sweep to keep clean and maintain flow; can be washed and reused
- Biodegradable for worry-free disposal

Specifications

Shipping Dimensions	23" W x 23" L x 28" H
Ship Class	250
Use With	Storm Drains
Dimensions	27" W x 21' L x 1.5" H
Category	Coir Storm Drain Filter
Drain Shape	Round; Square; Rectangular
Max Flow Rate	350 gal./Minute
Special Feature	Trim to Fit
Substance Filtered	Sediment
Sold As	1 roll per package

Weight	17.98 lbs.
# per Pallet	12
Composition	Natural Renewable Coconut Fiber
UNSPSC	47101514
Color	Brown
