

Oil-Only Sock/Net Boom

WBB818 ext. dia. 8" x 18" L,Each absorbs up to 1.8 gal.,10 booms per package

Remove oils without emptying your bilges and sumps, no matter how deep they are, with Oil-Only Booms.

- Use Sock/Net Booms to absorb oil
- Strong mesh outer sleeve encases a poly sock skin filled with highly-sorbent poly blend
- Booms won't shed or sink, even when saturated with oil
- Poly blend filler is hydrophobic; repels water (and floats) while only absorbing oils and other hydrocarbons
- Simply clip a rope or chain to the carabiner to raise and lower Boom into bilges and sumps, regardless of depth
- Clip lets you fasten Boom to anchor ring inside bilge; shorter length is ideal for tight spaces
- Sturdy hardware and design ensure long-lasting durability
- Bright White Boom makes it easy to see when it's fully saturated; saves money by not throwing it away too soon
